- ❖ *Reception and dinner, 5:30* ❖ *Keynote address, 7:30*

Keynote Speaker

Michael Oppenheimer

***Albert G. Milbank Professor of Geosciences and International Affairs
Princeton University***

Scientists and Science Assessment in the Era of Trump

I'll discuss what role individual scientists and science assessments can play in the context of environmental problems in light of the threat of a reduced focus on regulation, cuts in research support, and a generally antagonistic attitude toward science. How should scientists engage in the public arena if at all?
