

**Hubbard Brook Committee of Scientists Meeting
October 10, 2018 at the Cary Institute of Ecosystem Studies in Millbrook, NY**

Co-limitation in Northern Forests: Commonalities & Differences Across Taxonomic Groups

| Begin | End | Speaker | Topic |
|-------|-------|------------------|--|
| 10:00 | 10:10 | Pam Templer | Welcome and Introductions |
| 10:10 | 10:20 | Melany Fisk | Concepts of Co-Limitation |
| 10:20 | 10:30 | Ruth Yanai | Multiple Element Limitation and Allocation of Effort to Acquire Nutrients, Light, CO ₂ , Water Light vs. Soil Resources (Pin Cherry Study) |
| 10:30 | 10:40 | Tim Fahey | |
| 10:40 | 10:50 | Jenny Bhatnagar | Nutrient Limitation and Soil Microbes |
| 10:50 | 11:00 | Emma Rosi | Nutrient Limitation and Streams |
| 11:00 | 11:10 | Matt Ayres | Nutrient Limitation and Insects |
| 11:10 | 11:20 | Nina Lany | Nutrient Limitation and Birds |
| 11:20 | 11:30 | Lynn Christensen | Nutrient Limitation and Large Mammals |
| 11:30 | 11:40 | Discussion | |
| 11:40 | Noon | Bill Keaton | Proposal for New Tree Cutting Experiment at Hubbard Brook |
| Noon | 1:00 | Lunch | |
| 1:00 | 2:00 | Business Meeting | |
| 2:00 | 2:30 | Breakout Groups | Co-Limitation in the Northern Forest |
| 2:30 | 3:30 | Discussion | |
| 3:30 | | Adjourn | |
