

COMING SOON! SPRING 2024 YOUNG VOICES OF SCIENCE PROGRAM

The *Hubbard Brook Research Foundation* will soon be accepting applications for the *Young Voices of Science* program during the Spring 2024 semester!

The application process will open on January 22nd and close on February 9th.

Young Voices of Science Program Spring 2024

- **What:** FREE science communication training and real-world practice for science scholars!
- **Who:** Graduate and undergraduate students in environmental (or similar) fields are eligible to apply
- **When:** Series of eight Zoom workshops held on Thursdays, February 22nd through April 11th, 6:00 - 7:30 pm ET
- **Where:** Wherever you are, via Zoom!

Class size is limited – Apply by February 9th!

The Young Voices of Science program consists of a series of expert-led workshops, each designed to prepare and empower science scholars to share their knowledge, concerns, and hopes for the future with the wider world, and provide a launch pad for public engagement, early in their scientific careers. Workshop leaders are experts in public engagement with science, creative writing, storytelling, and science-to-policy outreach. Class size is limited to 20 participants; we ask that participants commit to all eight workshops and design and carry out at least one outreach project, with support from a staff mentor.

The Hubbard Brook Research Foundation is the education outreach communication nonprofit based off of the Hubbard Brook LTER.
