

NOW OPEN!

FALL 2024 YOUNG VOICES OF SCIENCE PROGRAM

The *Hubbard Brook Research Foundation* will soon be accepting applications for the *Young Voices of Science* program during the Fall 2024 semester!

The application process will close on September 6th.

Young Voices of Science Program Fall 2024

- **What:** FREE science communication training and real-world practice for science scholars!
- **Who:** Graduate, undergraduate students and early-career scientists in environmental (or similar) fields are eligible to apply
 - *No need to be a student to apply!*
- **When:** Series of eight Zoom workshops held on Thursdays, September 26th through November 21st, 6:00 - 7:30 pm ET
- **Where:** Wherever you are, via Zoom!

Class size is limited – Apply by September 6th!

The Young Voices of Science program consists of a series of expert-led workshops, each designed to prepare and empower science scholars to share their knowledge, concerns, and hopes for the future with the wider world, and provide a launch pad for public engagement, early in their scientific careers. Workshop leaders are experts in public engagement with science, creative writing, storytelling, and science-to-policy outreach. Class size is limited to 20-25 participants; we ask that participants commit to all eight workshops and design and carry out at least one outreach project, with support from a staff mentor.

Click here to apply!

The Hubbard Brook Research Foundation is the science to society nonprofit based off of the Hubbard Brook LTER.
